The screenshot shows the 'MBOX to PDF Converter v4.0 - Licensed Version' window. It features a title bar, a main content area with various settings, and a 'Convert Messages' button at the bottom. Four yellow callout boxes with red numbers and arrows point to specific elements:

- 2. Select any File Naming option**: Points to the 'File Naming Options' section, which contains several radio button options for naming the output files.
- 3. Select any Attachments saving mode**: Points to the 'Save Attachments' section, which includes a checked checkbox and two radio button options for how to handle attachments.
- 4. Click here to "Start Conversion"**: Points to the 'Convert Messages' button at the bottom center of the window.

The interface also includes buttons for selecting files and folders, a progress bar, and an 'Exit' button.
